ABOUT UK VERSITY

A university-level education, built around your life

UK Versity is a private, BAC-accredited online college based in Manchester. Since 2015 we have helped more than 11,000 people gain recognised UK qualifications without stepping into a classroom or sitting a single exam.

We took the qualifications that employers and universities respect, from awarding bodies like ATHE, OTHM, Pearson and NCFE, and made them available to study entirely online, at your own pace, from anywhere in the world. You get the full course material, a tutor with real teaching experience, and support from enrolment to graduation.

The idea is simple. A job for life no longer exists, so the ability to keep learning is what moves a career forward. That learning should fit around the job and the family you already have, not the other way round. You study online, around your work, and you finish with a qualification that counts.

200+

11,000+

98%+

completion rate

Online learning removed the barriers. The qualification still counts.

When we started, learners told us the same thing again and again. They wanted the qualification, but they could not put their life on hold to get it. They had jobs, children, businesses, responsibilities. The classroom did not fit.

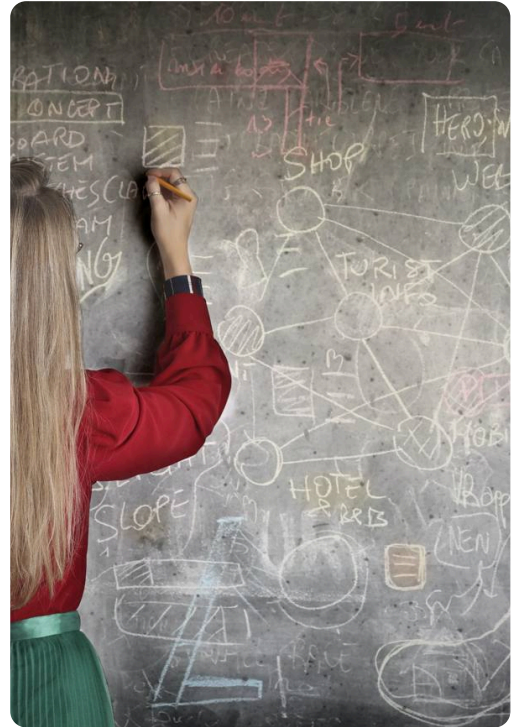

So we changed where learning happens. Using virtual classrooms, webinars and recorded materials, we put tutors and lessons a click away, on any device, at any hour. Learners study in their own settings, at their own pace, and they finish. Our completion rate sits above 98%, and I am prouder of that number than any other.

We moved from examinations to assessment. Nearly every course is completed through assignments, not exam halls, so you are judged on what you can actually do. We are BAC accredited and Ofqual regulated, our tutors carry PGCE qualifications and years of teaching behind them, and every course leads somewhere real: a higher level, a degree top-up, an MBA, a better job.

We are ambitious for our learners, and never complacent. If you decide to study with us, we will do everything we can to make your time here successful, and to see you cross the stage at our graduation in Manchester.

We are an approved centre for six of the UK's respected awarding organisations, and every qualification we deliver is regulated by Ofqual. We are on the UK Register of Learning Providers (UKPRN 10052768).

PayPal 0%	Spread the cost over 3 months, interest-free.
Klarna	Flexible instalments at checkout.
In-house 0% plan	Pay in 3 or 5 interest-free instalments, direct with us.

Information, advice & guidance (IAG). Before you enrol and all the way through, our team helps you choose the right course and level, and maps out where it leads, including UCAS points and university progression.

Resume & cover-letter service. A professional CV and cover letter, ready for the roles you are aiming at.
